

PROCEEDS BENEFIT WY/JO CARE

Wy/Jo Care is a community partnership to improve access to specialty health care for low-income, uninsured residents of Wyandotte and Johnson counties. It combines care provided in primary care safety net clinics with donated specialty care in a coordinated referral program led by the Medical Society of Johnson and Wyandotte Counties Foundation.

Wy/Jo Care is funded with charitable monies and relies on volunteer medical professionals to accomplish its mission of providing quality health care to low income families who are unable to obtain medical insurance. Over 1,750 residents have received over \$8 million in donated care through the program.
